

FEVER TRIUMPHANT ALONG THE RIVER

DISEASE IS GAINING GROUND
IN NEW ORLEANS.

Much Anxiety is Displayed—The Health Authorities Condemn the People for Their Carelessness in the Presence of the Grave Danger—No Hope Until Frost Appears

New Orleans, La., Oct. 12.—From the returns there is little hope in the yellow-fever situation. The board of health is daily demonstrating that with a fair show it is possible for modern science to restrict and stamp out the disease. But the people who must suffer from a strict application of scientific methods rebel, the result being that the pathway of the board of health is beset with difficulties. If there were strict compliance with the health laws, if prompt reports were made of cases, the fever germs would quickly be wiped out. But it begins to look now as if from thirty to forty cases and from four to six deaths will be daily reported until frost puts in an appearance.

Monday, as on nearly every day since the fever first appeared here, about 50 per cent of the fatalities was traceable to neglect and a disposition to hide cases until it was too late to do anything to save life. Four deaths were reported.

At the board of health office there is bitter criticism of Galveston (Tex.) and the Texas health authorities for their failure to send a line regarding the situation in the city. When suspicious cases were reported here the Louisiana board of health at once telegraphed the fact to all the leading health boards of the country, and the result was general quarantine against this city. Galveston was one of the first cities to raise the bars.

Jackson, Miss., Oct. 12.—Reports from Nitta Yuma announce the death of Mr. Smith, one of the yellow-fever patients. Six cases are under treatment, three convalescent.

Mobile, Ala., Oct. 12.—The light report of Monday has again raised the spirits of the people. The record showed but five new cases and no deaths. Two of the new cases are in houses where fever has visited before.

Race War Again at Alton, Ill.

Alton, Ill., Oct. 12.—The race war in the Alton schools broke out afresh Monday. Last week the colored people stopped sending their children to the schools for the whites, supposedly awaiting a decision from the courts. The police guards accordingly were withdrawn. Monday morning the colored children appeared, and with a rush overpowered the janitor, struck down the principal and took seats. The police were summoned and elected them and school was held the rest of the day with the police guarding the doors. The board of education will appoint a trustee officer, who will attempt to make the colored children attend the schools especially set apart for them. Serious trouble seems imminent, as the colored parents are persistent in sending their children to the white schools.

Scores the Injunction.

Denver, Colo., Oct. 12.—In deciding an insignificant case Monday Judge Wilson of the court of appeals, with the other judges concurring, handed down an opinion in which he makes a vigorous attack on government by injunction. The judge condemns the practice, which he declares is becoming almost universal, of issuing injunctions for trivial causes, and goes on to say that this "seductive and expeditious method of making a temporary disposition of an unpleasant emergency" does not tend "to inspire respect for the law."

Big Missionary Meeting.

Minneapolis, Minn., Oct. 12.—The American Missionary Association of the National Society of the Congregational churches will hold its fifty-first annual meeting in Plymouth church, this city, Oct. 19 to 21. Dr. Merrill R. Gates, president of Amherst college, who is also president of the association, will preside and Rev. Dr. Cooper of New Britain, Conn., will preach the opening sermon. One afternoon will be given to a woman's meeting and an evening to the Christian Endeavor rally.

Mrs. Mack Would Confess.

New York, Oct. 12.—Through her counsel, Lawyer Emanuel M. Friend, Mrs. Augusta Mack has sent word to District Attorney Youngs that she is ready to tell all she knows about the murder of William Goldensuppe. She adds in return that the authorities allow her to plead to manslaughter in the first degree. District Attorney Youngs has thus far refused to consider the proposition made by the woman.

Auditor Cannot Be Found.

Creston, Iowa, Oct. 12.—Auditor Davis of Adair county is missing. His bondsmen have offered a reward of \$500 for his arrest. The board of supervisors has declared his office vacant. It is thought a shortage of \$5,000 will be found in the accounts of the office.

Not Offered Van Wyck's Place.

New York, Oct. 12.—The report which was circulated Sunday that Croker had offered Van Wyck's place on the Tammany ticket to Judge Gaynor is denied on all sides.

HATRED FOR BRITAIN.

Fiery Words From Irishmen—Mr. Gladstone Denounced.

Dublin, Oct. 12.—The first general national convention of the Irish Independent league, organized by John Redmond, M. P., the Parnellite leader, opened Monday afternoon. Eight hundred enthusiastic delegates participated in cheering every point in the speeches which met their approval, and in jeering the names of Dillon, Healy and Davitt, as well as hissing the name of Mr. Gladstone when Mr. Redmond characterized him as "the Englishman who betrayed Ireland." All the speeches paid tribute to the patriotism of the late Charles Stewart Parnell.

RAIN BRINGS RELIEF.

Three Months' Drought Broken East of the Rocky Mountains.

Chicago, Oct. 12.—In every point in the United States east of the Rocky mountains rain fell Monday. At last the three months' drought, which has parched the earth and formed of the prairies great belts of tinder, is at an end. Farming sections throughout the country have not been in so thoroughly baked condition for years.

Vast prairie fires have been common. They have ravished everything in their paths and dealt destruction to hundreds of homes. But today the remedy for it all is here and everywhere people are thankful.

Sunday rain fell throughout the western states and in Wichita, Kas., where a drop has not fallen for three months. There was precipitation of 2.86 inches, the heaviest fall at any point.

NOT TO OFFEND SPAIN.

North Atlantic Squadron Will Be Kept Away From Cuba.

Washington, Oct. 12.—The administration has practically determined to keep the North Atlantic squadron away from the gulf during the coming winter. While no orders have been issued, it is generally understood that Secretary Long will follow the course pursued by his predecessors and keep the ships away from Cuba.

The intention to keep the ships in northern waters is due, it is understood, to the desire to refrain from giving any evidence of a purpose to intimidate Spain. The negotiations between the two nations are so delicate in their character that the president does not want to affect them by what might be considered by the Spaniards a display of force.

To Prospect the Yukon Country.

San Francisco, Cal., Oct. 12.—A party of twelve engineers and surveyors have started for Seattle, where they will be reinforced by 750 men. A steamer will be chartered to carry them to Chilkoot inlet, and from there they will go to Fort Selkirk. One of the objects of the expedition is to determine whether the 300 miles that separate the Yukon at Fort Selkirk from the ocean at Chilkat affords a practical route for a railroad or not. It is also proposed to thoroughly prospect the Yukon country for gold.

Rich Vein at Sedalia, Mo.

Sedalia, Mo., Oct. 12.—At the Judge John N. Dalby lead mine in northwest Sedalia a nine inch vein of rich ore, mixed with silver, has been struck at a depth of less than fifteen feet. Forty-nine thousand pounds of ore have been taken out since the mine was opened a few weeks ago, and holders of realty in that portion of the city are considerably worked up, many of them believing that Sedalia is destined to become a second Joplin.

In Spite of the Fever.

Chattanooga, Tenn., Oct. 12.—Despite the depressing effect of yellow fever and the long drouth, business conditions in the South show many encouraging features, and the Tradesman's Southern correspondents report a healthy increase in trade and enlargement to productive capacity at many prominent manufacturing plants.

New Turkish Minister.

Washington, Oct. 12.—The state department has received word that Ali Ferouk Bey has been appointed Turkish minister to the United States to succeed Mustapha Bey. The new minister studied in Paris for five years and for two years was secretary of legation at London.

Gifts to Anarchists' Families.

Madrid, Oct. 12.—Commissioned secretly by the queen regent, Father Colonna, a well-known Jesuit, has recently visited Barcelona and distributed gifts to the widows and children of anarchists executed at Montjuich fortress in recent years.

Comes Too Late to Help.

Kansas City, Oct. 12.—Specials from Oklahoma and Indian Territory state a heavy down pour of rain occurred over that part of the southwest yesterday and last night. At some places in the Indian Territory the rain comes too late, it is feared, to save fall crops.

Olinger Open to Prosecution.

Des Moines, Oct. 12.—By a decision of the Supreme court Peter Olinger, mayor of Dubuque in 1895, is adjudged liable to prosecution because he engaged in raising money from \$1,500 to \$2,000.

SPAIN GAINS TIME BY SAGASTA'S ACT

IS NOW IN A POSITION TO PUT OFF ACTION.

Cuba Will Have to Wait—Ministry Will Insist That Blanco Be Given a Fair Chance to Pacify the Island—United States Is Powerless in the Matter.

Washington, Oct. 12.—Consul General Fitzhugh Lee arrived here Sunday night, and was at the state department early Monday morning in conference with Assistant Secretary Day, leaving later for Warrenton, Va., to attend the funeral of a friend. He will return to advise further with officials here as to the Cuban situation.

It is understood that the state department is going over with General Lee and Mr. Hannis Taylor, ex-minister to Spain, the effect of the recent cabinet changes, the result of General Weyler's withdrawal, and his succession by General Blanco, and other new phases developed by the accession of Sagasta.

The escape of Miss Cisneros from her Havana prison was also talked over, the prevailing view being that it will not lead to any international complication.

There is good reason to believe that the view communicated to the state department is that the accession of Sagasta means a Fabian policy of delay, not only for the present, but for many weeks to come, and that no definite policy for Cuba will be announced for some time.

General Blanco, the new captain general of Cuba, will not leave for his post before Oct. 15. His departure is more likely to be deferred until Oct. 20. The trip from Barcelona to Havana will take about eleven days. Then it is anticipated the Spanish cabinet will desire that General Blanco be given time to familiarize himself with the situation and his duties, and to mature his policy.

The execution of that policy, with an allowance of time for its trial, according to those in a position to accurately judge the situation, will lead to protracted delays on those subjects to which the United States recently has invited the attention of Spain.

ELDER ELECTED MODERATOR.

Presbyterian Synod at Terre Haute, Ind., Gets a Surprise.

Terre Haute, Ind., Oct. 12.—The annual meeting of the Indiana synod of the Presbyterian church began Monday night, with Rev. W. O. Lattimore of Crown Point, the retiring moderator, presiding. Rev. R. V. Hunter of Indianapolis proposed the election of an elder as moderator and placed W. W. Beyers of Laporte in nomination. There was opposition, and President Burroughs of Wabash college, a minister, was placed in nomination. Mr. Beyers was elected, but the vote was not announced.

Only two other synods in the country have ever elected an elder as moderator. Dr. Little said he did not want the elders to get everything and nominated Rev. George Knox and Rev. Mr. Oxtoby for temporary clerks, and they were elected.

Glass-Workers' Settlement.

Indianapolis, Ind., Oct. 12.—The Indiana labor commissioners say they hope to announce within the next three days a settlement of the differences within the American Window-Glass Workers' association. Seven thousand men, mostly in Ohio, Indiana and Pennsylvania, who work 1,800 pots, are interested in the settlement. The following is the basis of the agreement: "The original articles of federation, adopted in 1888, shall be the basis for a new agreement. A committee from each of the four branches shall be appointed to formulate a new schedule of wages, and this committee shall have full power to act. The gatherers and blowers may make a contract by themselves and the flatteners and cutters may be permitted to make separate agreements. That each branch agrees to pay pro rata its share of the expense of employing snuffers."

Four Days' Session of Alliance.

Chicago, Oct. 12.—The Christian and Missionary Alliance will hold its first annual convention in Moody's church, beginning Wednesday morning, Oct. 20, and continuing until Saturday night, Oct. 23. Sessions will be held each day at 9:30 a. m. and 2:30 and 7 p. m. The convention will be under the general direction of Dean Peck, field secretary of the alliance.

Monetary Commission Meets.

Washington, Oct. 12.—The monetary commission reconvened at 10 o'clock Monday at the Arlington house. Commissioners Leighton, Dean, Fish and Patterson were absent, but all others are expected to arrive within the next few days.

Senator Tillman Is Quite Ill.

Columbia, S. C., Oct. 12.—Senator Tillman arrived in Columbia Monday from Trenton, his home. He is a very sick man, suffering from catarrhal jaundice, but his condition is not serious at present.

To Help the Ohio Valley.

Evansville, Ind., Oct. 12.—Extensive preparations were made for the convention of the Ohio Valley Improvement association today.

FALL FROM TRESTLE INJURED FIFTEEN

ACCIDENT TO A TROLLEY CAR
NEAR WATERLOO, IOWA.

Many Persons Badly Hurt—Thirteen Passengers and Four Railroad Employees in the Wreck—Only Two Escape Injury—One of the Wounded May Die.

Waterloo, Iowa, Oct. 12.—At an early hour Monday morning an electric car on the Waterloo & Cedar Falls Inter-urban line fell the track on the trestle approaching the Cedar river bridge, eleven miles from this city, and fell fifteen feet. It struck on its side, and was completely demolished. There were on board thirteen passengers and four railway employees. All the passengers and two of the employees were injured as follows:

W. H. Morton, Clyde, Ill., traveling salesman for Taylor & Parrot, Chicago, skull fractured and pressing upon brain trephined, but recovery yet very doubtful.

E. B. Tibbets, motorman, nose crushed, chin broken, left arm and left leg badly bruised; serious.

Frank Latier, conductor, slight bruises on body.

D. B. Morrison, Winona, Minn., abrasion on head, hand injured, ankle sprained.

Miss Charlotte Cunningham, Waterloo, internal injuries, extent unknown, few bruises.

Miss Fannie Flickinger, Waterloo, bad gash in neck, exposes wind-pipe; condition serious.

Frank Fouk, Waterloo, rib fractured, cuts on head and face, severe bruises, spine injured.

Miss Kittie Townsend, Fort Dodge, Laulu Bovee, Clara Sine, Clara A. Hunt, Alice Crotty, all students, more or less bruised, but none seriously injured.

Henry Flint, Waterloo, and Adam Rethline, Cedar Falls, slightly hurt.

Corn Shows Slight Decline.

Washington, Oct. 12.—The October report of the statistician of the department of agriculture shows the average condition of corn on Oct. 1 to have been 77.1 as compared with 79.3 on Sept. 1, with 90.5 on Oct. 1, 1896, and 82.5 the average for the last ten years. There has been an improvement during the month of six points in Maryland and four in Iowa. On the other hand there has been a decline of three points in Kansas, six in Nebraska, three in Ohio, three in Illinois, three in Missouri and a general decline in the southern states.

To Combine Two Societies.

Cincinnati, Oct. 12.—Conference committees of the two societies, "Sons of the Revolution" and "Sons of the American Revolution," were engaged in secret session here until late last night preparing a report to the two bodies to be presented in reference to a proposed consolidation of these two bodies into one order or association. What conclusion the committees reached will not be divulged until made into the form of a report of the joint committee.

May Clash With the Courts.

Lincoln, Neb., Oct. 12.—Regular Republican leaders will take an appeal from the decision of Secretary of State Porter that silver Republicans may go on the official ballot under the party title. It is thought the supreme court will be asked to issue an injunction restraining the secretary of state from carrying his decision into effect. If this is done he will probably refuse to recognize the right of the court to interfere.

Great Strike in London.

London, Oct. 12.—The secretary of the Federated Trades, comprising thirty important industries, announces that the executive committee has definitely decided to call out all its members in sympathy with the struggle of the engineers against their employers, on Friday next, when it is estimated that a total of 400,000 men will be out of work on account of the great labor dispute.

To Form a Whisky Trust.

New York, Oct. 12.—A whisky trust of tremendous proportions is about to be formed. If all the whisky distillers who have been asked to join it do so it will represent more than \$50,000,000 capital and will in the future be in the position to dictate prices of all the whisky made in Kentucky and of all the higher class brands made in other states.

Say Treasurer Is \$19,000 Short.

Goshen, Ind., Oct. 12.—The court has declared the office of county treasurer vacant and Delos N. Weaver of Elkhart has been elected to fill out the unexpired term. The commissioners claimed that County Treasurer W. H. Holdeman's accounts were \$19,000 short and his bondsmen refused to continue longer on his bonds. Mr. Holdeman maintains his innocence.

North Dakota Banker Indicted.

Fargo, N. D., Oct. 12.—The grand jury Monday reported an indictment against President Salyards of the First National Bank of Minot for alleged violation of the national banking laws by lending money on stock as collateral. The vice president and cashier turned state's evidence and thus saved themselves.

RAILROAD MEN MEET.

Representatives of Five Organizations Gather at Peoria, Ill.

Peoria, Ill., Oct. 12.—An international federation of railway brotherhoods may be organized in this city at a meeting which began this morning. The grand chiefs of five organizations and representatives from the same are present at the conference.

The objects of the international federation is for the betterment of the condition of all connected with railroads and to promote a brotherly feeling among men. It is expected the new organization will contain a board of adjustment for the purpose of settling any complaint that may be filed.

When a chief executive deems a strike necessary he will call the heads of the federations together, and a strike shall be authorized only on a two-thirds vote. The movement for an international federation was inaugurated by the Brotherhood of Locomotive Firemen and proposed constitution issued. This has been accepted by the heads of the five railroad organizations. It is fully expected that the organization will be effected at the meeting. The adoption of the proposed international agreement affects 100,000 men.

ORIOLES KEEP THE CUP.

Boston Loses Temple Series—Baltimore Fans Consolated.

Baltimore, Md., Oct. 12.—Baltimore keeps the Temple cup. That matter was decided Monday by the thrice ex-champions winning the fourth game in succession from the new champions by a score of 9 to 3. The winning of the cup has in a slight measure consolated the Baltimore rooters, who claim that their pet Orioles have clearly shown their superiority, and would have won a fourth pennant but for the unanimous determination of the league to do everything to help Boston beat the three-time champions. This, coupled with the long string of accidents and misfortunes that pursued the Baltimore all through the season, culminating in the spraining of Corbett's arm in those crucial games with Boston, was why the ex-champions lost. But carelessness and overconfidence had also much to do with the defeat. Yesterday's score:

Baltimore 0 2 3 0 0 2 2 — 9
Boston 0 2 0 0 0 0 1 — 3

Ready to Transport Troops.

Tallahassee, Fla., Oct. 12.—In response to an inquiry from the war department as to what facilities the transportation lines of Florida could afford for the transportation of soldiers in the event of trouble between the United States and Spain, the management of the Florida East Coast railway has informed Adjutant General Houston that on forty-eight hours' notice they could furnish four steamers and deliver 1,000 troops at Key West within ten to twenty hours.

Governor Drake Not Dying.

Excelsior Springs, Mo., Oct. 12.—The story sent out to the effect that Governor Drake of Iowa is at the point of death is untrue. The governor is not feeling quite so well, due to a change in the weather, but he is not confined to his room and has not been since his return here. He walks to the springs from the hotel, a distance of half a mile, once or twice a day, and is feeling in excellent spirits.

Indiana W. C. T. U. Officers.

South Bend, Ind., Oct. 12.—The election of state officers of the Woman's Christian Temperance union resulted as follows: Mrs. Luella F. McWhirter, Indianapolis, president; Miss Mary Hadley, Bloomington, vice-president; Mrs. Mary E. Balch, Indianapolis, corresponding secretary; the Rev. Mrs. M. O. Cammack, Marion, recording secretary; Mrs. A. T. Whitson, Indianapolis, treasurer.

Japan Dictates Terms.

London, Oct. 12.—An official telegram received here from Yokohama says that Japan accepted the invitation to send a representative to the sealing conference, soon to be held in Washington, on the understanding that the whole sealing question is to be discussed and not simply the questions which are covered by the Paris award, Japan having no interest in the Pribyloff islands.

More Freedom for the Press.

Havana, Oct. 12.—As evidence of more liberal treatment of affairs upon the part of the Spanish authorities, La Lucha has been permitted to reproduce interviews printed in the New York Herald with a number of Cubans of New York city, in which the latter say they are fighting for the independence of Cuba and not to obtain home rule for the island.

Says the Pope Is Strong.

Wichita, Kas., Oct. 12.—Right Rev. J. J. Hennessey, bishop of the diocese of Wichita, has just returned from Rome, whither he led the American pilgrimage, and states emphatically that the pope is in good health. He was given several audiences with Leo XIII., and his knowledge of the pope's physical condition was gained by close observation.

Holds Annual Convocation.

Indianapolis, Ind., Oct. 12.—The annual convocation of the Central Deacons of the Protestant Episcopal church, diocese of Indiana, began here Monday. The first session was devoted to the woman's auxiliary. Bishop John Hazen White opened the session with a missionary address.

J. I. CASE FACTORY SOLD FOR \$2,000,000

EASTERN SYNDICATE SAID TO HAVE BOUGHT.

According to Racine Dispatches the Money is in a Milwaukee Bank—Frank Bull to Be the Only Old Stockholder to Hold His Interest in the Factory.

Racine, Wis., Oct. 12.—[Special]—The immense plant of J. I. Case threshing machine company here will in all probability be sold to syndicate of eastern capitalists within a week for \$2,000,000. The deal has been pending for some time but has not yet been consummated. John T. Fish, who represents the eastern syndicate has been in the city the past few days in consultation with stockholders of the concern in an effort to secure the consent to the sale of the plant. It is announced now that Mr. Fish was successful in his undertaking, and that the immense works will be sold in a short time. It was given out this morning that money for the transfer of the plant is in the First National bank at Milwaukee and that upon completion of the deal the same will be paid over to the stockholders.

There will be only one of the old members of the firm who will have an interest in the new concern. That member is Frank K. Bull, who was one of the original owners of the works.

Stranger Killed in Plymouth.

Plymouth, Oct. 12.—[Special]—A stranger in these parts, giving his name as John Smith and residence on West Madison street, Chicago, was run over by the cars this morning and terribly mangled. He lived only an hour. He will be interred in the potter's field.

Is Now King of Iron World.

Milwaukee, Wis., Oct. 12.—Andrew Carnegie has perfected the largest iron-producing combination in the world by securing the lease of the Tilden mine. He will operate this big producer in connection with the Norrie and the group of mines which he owns in the Mesaba range.

LAYMEN MAKE THEIR PLEA.

Prominent Methodists Address the Rock River Conference.

Chicago, Oct. 12.—Methodist laymen appeared before the Rock River conference in the Western Avenue church Monday advocating the passage of a resolution giving them the much-desired equal representation with the ministers in the general conference. A committee of five now has the important question in its hands, and will draw up a favorable resolution and present it for action by the conference today.

Thus action in favor of the laymen is delayed till the end of the conference, but the number of resolutions and the remarks made left no doubt about the result.

A verdict of not guilty in the case of Rev. R. A. Morley, Ph. D., the accused Fulton preacher, and president of the Northern Illinois College, was read just before the noon adjournment. The committee of fifteen pastors, appointed to try Dr. Morley and which has been in session since Wednesday, sent in a paper, which completely exonerates him and permitted the passing of his character.

BEGIN THE ARGUMENT.

State's Attorneys Open the Last Chapter in Luetgert Trial.

Chicago, Oct. 12.—The arguments in the Luetgert murder trial were commenced at 1 o'clock Monday, when Assistant State's Attorney McEwen began his address to the jury on behalf of the prosecution. His "few remarks" consumed all the afternoon and nearly all day today. Attorney William A. Vincent will then speak for Luetgert and, following him, Mr. Phalen will close for the defense. State's Attorney Deneen will make the last argument. The speech-making will end Friday and a verdict is expected Saturday.

Luetgert's case closed in a remarkably abrupt manner shortly after 11 o'clock Monday. The rebuttal of the defense was expected to last at least one whole day, but after continuing it a brief hour Attorneys Vincent and Phalen announced their defense closed, reserving the right to call one or two witnesses of minor importance later whose testimony relates to the character of other spokesmen for the defense and will not take more than five or ten minutes.

To Talk of Foreign Missions.

New Haven, Conn., Oct. 12.—The delegates to the eighty-seventh annual meeting of the American board of commissioners for foreign missions, which began its sessions here today, arrived in large numbers Monday. The opening session was held at 3 o'clock, Rev. Ricard S. Storrs, D. D., LL. D., of Brooklyn, presiding.

Money Made Senator.

Jackson, Miss., Oct. 12.—Governor McLaurin has appointed Senator-elect Hernandez De Soto Money as United States senator to fill the vacancy caused by the death of the late J. Z. George, whose term expires in 1898.

FARMERS ARE HAPPY OVER THEIR YEAR

GAZETTE CORRESPONDENT RE-
VIEWS THE SITUATION.

Corn Not a Heavy Crop on Account of
Dry Weather, But the Price Makes
Up For It—Considerable Clover
Cut For Seed Around Sho-
pierre.

Shopiere, Oct. 12. Farmers in general are satisfied with their summer's work. There is not much wheat raised in this vicinity, some winter but no spring wheat. Rye, oats and barley yielded fairly. Corn, owing to the dry weather was not as good as last year's but the price is somewhat better. There has been a good many acres of clover cut for seed and the most of it has been threshed. The yield is from one to three bushels per acre. Potatoes are something that every farmer would like to have at the present price but only a few in this place will have any to sell. Nick Schenck and Bradford have about 9 acres that will turn out one hundred bushels per acre. Tobacco is a good crop and is curing nicely and will soon be turned into greenbacks. Van Geeson and others had a narrow escape one day last week. Some one started a fire west of town that got under pretty good headway before it could be extinguished. The rain that came on Sunday night we hope will release us from all fear of fire. During the long dry spell we have been very fortunate in this vicinity and had small losses by fire. About forty acres of pasture land was burned over with fences for C. E. Gilbert, Ed Smith and a small loss. H. Kemmer and the Freeman place and B. H. Smith were fighting fire the past week. The Misses Look and Mrs. Jennelemer are visiting near Watertown. M. C. Euling is putting in a new water wheel and making other improvements on his mill. The Royal Neighbors will meet at Mrs. S. K. Sweet's on Thursday, Oct. 21. Z. G. Perkins will soon be running our postoffice. Rev. Mr. Noyes has commenced his labors at the M. E. church for the coming year. Beloit and LaPrairie played a game of base ball on Sunday afternoon. When they quit they stood six to six. A social will be held at the residence of Mrs. F. D. Culver on the 22nd. Charles Thurston from Rockford spent a few days in this place. Henry Lising from Hanover was in town on Sunday. Mrs. Ann Hasman left this place on Tuesday last to visit her sister in Dakota. Road Commissioner George Zieats has been grading the roads with gravel the past week. When we get them all gravel we will have as good roads as any in the state. Frank Steadwell lost a valuable colt by letting it eat too much rye. Arthur Chaday from Roscoe Ill., was in town Saturday.

NEW NIGHT OFFICE IN AFTON Freight Business Keeps Railroad Employees On the Move—Late Personalities.

Afton, Oct. 12.—As a result of increased traffic on the C. & N. W. railway, as noted in last week's Afton items, that company reopened their night office at this place, last Friday night, with Frank Matthews, of Edmond, Wis., as the operator in charge. Large shipments of live stock, from the great northern ranges, forms no small part of the train cargoes that go rushing into Chicago, while other freight business is good. It all means "prosperity." The Y. P. S. C. E. meeting of the Baptist church next Sunday evening, will be devoted to a consideration of various branches of Christian Endeavor work, and will be in charge of President David Throne. The Modern Woodmen meet in regular session next Saturday evening. Social plans for the ensuing fall and winter will be considered by the members and all are urged to be present. Mrs. Lydia Pickard of Harlem, Ill., is visiting her sister Mrs. W. H. Eldredge. Frank Radloff and family have moved into the house recently vacated by Mr. and Mrs. Leonard McGree. Philip H. Ralph, of Beloit, occupied the pulpit at the Baptist church here last Sunday. Prof. Robert J. Eddy and daughter Jennie, of Beloit, attended services at the Baptist church Sunday evening. Messrs. Fred R. Eldredge and George Gealey and Misses Alice and Hyla Eldredge spent a couple of days with Mr. and Mrs. Frank Blunk at Hebron, Ill., last week, returning home Sunday.

BUNCH OF LIMA PERSONALS.

Interesting News Notes Concerning Recent Happenings—Rev. Thayer's Farewell.

Lima, Oct. 12.—Mrs. D. Glynn, visited friends in Stoughton last Friday and Saturday. Miss Lizzie Donaldson of Chicago has come to spend the winter with Mrs. Bacon who is in poor health. Mr. and Mrs. Wilkins of South Dakota are visiting their friends Mr. and Mrs. Smith here. The much needed rain has come at last and everybody is happy. Rev. Thayer preached his farewell sermon here on Sunday last. Mrs. Sarah Anderson of the Waupaca Soldiers Home spent the past week among her Lima friends. Mesdames Wurster and Glennan spent Saturday at the Milwaukee Exposition. Some body tells us that we will have wedding bells ringing in Lima again soon. Mr. Alexander who has been working on the railroad here the past few months left Saturday for Chicago where he has a position in a cold storage warehouse. Mrs. Ryan, of Milwaukee, was with friends here a day or two last week. Miss Florence Shear enjoyed a visit from her cousin, Miss May Horton, of Evanston, recently. Mr. and Mrs. Ely of North Johnson were callers at Carrie Johnson's last Sunday and attended the services at the U. B. church in the afternoon. Bert Collins and Frank Fuller went to Madison 1st Friday evening to visit friends a few days. Miss Tessie Bowers was home from Madison Saturday.

MAGNOLIA FARMERS HAPPY.

Butter Brings 24 Cents and Potatoes Are Selling at 50 to 65.

Magnolia, Oct. 12.—The long continued drouth is at last broken. Rain began falling Sunday night with warmer weather, and all day Monday it continued to fall gently, with no wind. This is truly a Godsend to our parched earth, for which we are truly thankful. Butter is bringing 24 cents at our creamery, eggs 12½ cents at store. The farmers are drawing their potatoes to market receiving the neat sum of from 50 to 65 cents. Ernest Clifford and wife will move to Evansville this week. He intends working there this winter. Some of our young men are talking of going to Alaska in the spring. One more week of school and then a short vacation. Mr. Green will teach the winter term of school as he has given satisfaction the last two terms. Mrs. G. Howard, accompanied by her mother, Mrs. Lydia Worthing, started for Nebraska last Tuesday. They will remain three weeks visiting relatives. Magnolia turned out big to see the base ball game in Evansville last Saturday. Matsie and McCay are not behind the rest in improvements. They are putting in a large cistern at their store. In case of fire this will come handy as well as for other purposes.

TRIBUTE TO NEWMAN BY HENRY A. ADAMS

CHARACTER OF THE FAMOUS
ENGLISH PRELATE.

His Triple Work and the Secret of His Power over the People Discussed Sympathetically—Change Wrought in English Religious Life—From Presbyterian to Catholic.

Henry Austin Adams' lecture on Cardinal Newman was heard by an audience that filled the opera house to overflowing last evening. Dean E. M. McGinnity introduced the speaker who appeared under the auspices of St. Catherine's Reading Circle.

After a few words of introduction the speaker took up the explanation of why the American people, active, busy, progressive, modern, people of affairs and life should solve the man, John Henry Newman, the last half century of whose life was spent in seclusion; from whom little had been heard during those years in pulpit, press or magazine; a man who cared not for affairs, who was a direct antithesis of the American of today. He declared the old cardinal's sermons would soon empty a church if read by modern clergy. He never interested himself in politics. He never wrote great books.

How then could he take the nineteenth century by its intellectual throat and compel it to give up its prejudices, its immense conceits, its skepticism, how tear English politics, literature, art and life from their foundation and compel their reconstruction? It was his absolute allegiance to truth and God and the sweet sincerity of his life.

Reared As a Presbyterian.

Newman was precocious. At nine he was translating Greek tragedies. He was puny and sickly and played with girls when he couldn't get a book. At fourteen he entered Oxford, sallow, dwarfish, dreamy. From his birth he seemed to have made a compact with truth and at the university was unpopular with professors and drinking students. He was reared in the atmosphere of Presbyterianism. His mother was a Calvinist. He was led to believe that only 144,000 souls would ever reach Heaven. Later he renounced his mother's God for a more merciful Father. At the same time his brother Francis renounced God entirely, later became Sir Francis Newman and died an infidel. John Henry Newman's first crucifixion was to give up his mother's religion. The speaker told of the daily meetings of that remarkable set of young men that started the Oxford movement. He contrasted with this picture that of the English church at the time, the rector, as he said, usually a fox-hunting gambler, who rushed his administration through to be off with his dogs. The traits that grew out of the meeting of these young Oxford "upstarts" read very tame now, but were like dynamite at the time. They did not seek to formulate any particular creed, but sought to revive the holy spirit of the English church. The effect was instantaneous; vestments and stained glass reappeared as evidences of the awakened spiritual heart.

Tracing Great Changes.

The people love Newman, explained the speaker, not because of what he was but because of what he accomplished. Three miracles were performed by this man. He raised the theology of the nineteenth century to that plane where men could calmly discuss it, without rancor or hatred. He bridged the chasm between the Catholic and Protestant so that they could grasp hands and gaze into each other's eyes in trust and friendship. Secondly, he purified English public opinion in regard to the ancient church and thirdly, he led England out of her own egotism and conservatism. It is because of these things accomplished by this man that the people of this day and nation remember and love him.

The speaker's portrayal of the cost of Newman of leaving his high position in the church of England to accept the faith of Rome was very vivid, the speaker seemingly painting a picture of one chapter of his own life, when he had followed in the footsteps of his hero. The speaker dwelt upon the changes in English public opinion silently wrought by Cardinal Newman in the last few years of his life. The lecture closed by the recitation of Lead, Kindly Light, by the speaker.

Miserable Lives Made Happy.

Ill health brings misery into many lives and into the lives of others. Continued physical weakness that the family physician cannot drive away brings serious forebodings, depression and gloom. Great numbers of people live out their lives under these conditions because the underlying cause of all is beyond the reach of the treatment known to the ordinary practitioner. It takes a specialist like Dr. Greene to cope with these despairing cases. This distinguished physician is the most successful and experienced specialist in the world, and consultation and advice can be had, personally or by letter, absolutely free of charge at the office of Dr. Greene's remedies, 148 State St., Chicago, Ill. His discoveries in medicine are truly wonderful. One of them is the world-famed Nervura. They are so nicely adjusted to repair the waste of the system, so potent in their general influence, and so permanent in their beneficial effect that no claim seems too broad for them. They will positively cure all of the diseases which afflict mankind, and the enthusiastic thousands who owe to Dr. Greene their present comfort, and in many cases life itself, are living evidence of his unvarying success.

Festivals and Parties...

Will awaken in the feminine heart longing for an evening gown. We never had such a fine lot of silks, velvets, accordion chiffon, in lovely effects; mousseline de soie puffing, a dreamy creation, lace nets and heavy embroidered all overs in cream, white and two tone; a world of trimmings; exquisite things in jeweled bands, applique novelties, rich embroidered bands in white and cream; laces, a perfectly immense line, the very latest novelties, nothing lacking. Hardly a thing that we cannot supply. There is little excuse for any woman to go away from this city for dress goods and pay bigger prices. The reason advanced by some for trading in other cities is a weak one, for we can suggest hundreds of rich combinations for dresses, so that no two suits need be the same.

If it is a matter Of Price...

That would lead you to keep the old curtains hanging, think better of it. The trifling cost of a pair of curtains, as we sell them, should not come between you and new draperies. A look through our great stock and a knowledge of the prices we are making will convert you to our point of view. Besides all the newest things in lace curtains, we show beautiful new heavy curtains in Tapestry, Brocates, Velours, Bagdads, Chenille, Roman, &c. It's a treat to see such an assortment of rich curtains and a relief to know that such a small outlay will secure them.

CONSTANT TORTURE.

No One But Sufferers From Rheumatism Realize the Real Meaning of Pain.

No Necessity For It.

Kickapoo Indian Remedies Have Been Proved by Thousands to be a Permanent Cure for Rheumatism.

Mr. Christopher Graham, of Louis, Ia., suffered the most intense torture for many years from that most painful and as dangerous disease—rheumatism. This disease owes its origin to uric acid in the blood. Let the system once become impregnated with this poison, and the patient suffers the most excruciating pain. Were it only the matter of the great agony that has to be endured, perhaps so much would not be thought about it—but it is the danger to life that causes rheumatism to be dreaded; the obnoxious poison settling in various parts of the body as it does, and continually shifting from one position to another, is the cause of the pain in the various limbs; once let it strike the heart, as it is apt to at any minute and the result is instantaneous death. Take warning by Mr. Graham, for although he had been a sufferer for many years, he was fortunate enough in having this terrible malady checked in time to save his life. To use his own words:

"I was afflicted with rheumatism for 20 years in my arms, legs, and back. I was utterly unable to work and my suffering was more than I could bear. This was seven years ago, and ever since that day I have not felt a pain." Kickapoo Indian Oil when applied externally relieves the patient immediately. Kickapoo Indian Salve when taken internally, neutralizes this dreadful poison, purifies the blood, tones up the stomach, liver and kidneys, making these great organs strong and healthy, by enabling them to dispel existing poisons through the natural channels effects a permanent cure. A single application of Kickapoo Indian Oil will prove its ability to allay pain. A few doses of Kickapoo Indian Salve, will show that it is a remedy that will result in a sure and permanent restoration to health. You cannot afford to be sick when you have at your command the means of perfect health. Remember that Kickapoo Indian Remedies are sold at all druggists.

JACKSON RUNS BELOIT GRIST MILL.

Janesville Man Has Taken the Bishopp's Custom Trade—Girls in Bloomers.

Beloit, Wis., Oct. 12.—(Special)—Charles Jackson of Janesville has purchased of Mrs. John Bishopp's her custom mill which has lately been run by her son, and will operate a general milling business.

Patrick Mills, the past two years assistant postmaster, has resigned his position and will study medicine in Chicago.

There is a standing rule which forbids the young ladies of the college receiving gentleman friends at Stowell cottage when there is to be any dancing. But the girls were not to be out done by this order, and on Saturday night a number of gentlemen were invited to the cottage and were called for in conventional style by the young women who had donned bloomers for the occasion and acted the part of gentlemen to the best of their ability. All the guests were successfully delivered at their homes, after the dance without male help, the hosts proceeding to the furthest house first and then returned to the cottage in constantly diminishing numbers.

WHAT IS YOUR TRADE?

Each Trade or Occupation Has Its Special Disease.

It is well known among medical men that certain diseases are more readily developed in certain occupations than in others. That each occupation has its attendant physical weakness. Engineers, railroad men and similar occupations suffer mostly from kidney troubles and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact the army of people whose business keeps them indoors are oftentimes great sufferers from piles and constipation. In this connection the following letter is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. F. Cathoun, notary public and jeweler and watchmaker of Circleville, W. Va., writes as follows:

I had been a severe sufferer from piles for years and had tried many remedies with but little benefit, when about three years ago I saw the Pyramid Pile Cure advertised and sent for it.

I was badly afflicted when I got it, but after only two applications the piles disappeared and from that day to this I have never felt a symptom of the disease.

I feel that I cannot recommend them too highly to sufferers from piles.

The Pyramid Pile Cure is free from cocaine, opium or any mineral poison, absolutely safe, pleasant and painless; sold by druggists at 50 cents per package. If there is any constipation the Pyramid Pills should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful and popular pile cure ever placed on the market and its reputation as a safe and radical cure has only resulted from the personal recommendation of people who have been cured of this distressing ailment.

Send to the Pyramid Co., Albion, Mich., for valuable little book on cause and cure of piles.

WISE ADVICE TO HUSBANDS.

Those Who Have Ailing Wives Will do Well to Accept It.

Do not wrangle and quarrel, and finally rush into the courts and try to get a separation from your faithful wife; but just stop a moment and think! Your wife, who was even-tempered and amiable, and all that was lovely when you married her, has changed. Now she is peevish, irritable, jealous, discontented and miserable—in a word, she has uterine disorder of some kind.

Law is not the remedy for this condition, she needs medical treatment, her uterine system is at fault.

My advice to you is, sit down and write a letter to that friend of women, Mrs. Pinkham, of Lynn, Mass., state fully and freely the whole case to her and she will honestly advise you what to do. Give your wife that chance, good man!

If you do not wish to write about your wife, bring her a bottle of Lydia E. Pinkham's Vegetable Compound, watch its effects, you will soon see the beginning of the improvement; then get her another and keep it up until she is restored to you, the same lovely woman you married years ago.

Following we relate the circumstances of a case of this nature. Mrs. MELVA ROUTON, of Canby, Ind., says:

"I have used Lydia E. Pinkham's Vegetable Compound and found it to be of great benefit to me. The doctors said I had womb trouble. I had the headache all the time, also a terrible backache, was nervous, cross and irritable. I looked so pale that people would ask me what was the matter. I suffered in this way for about four years, until one day about in despair my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I commenced its use, and much to every one's surprise, it cured me. It has completely changed my disposition for the better also. Several of my neighbors, knowing what the Pinkham medicine has done for me, are taking it, and are much pleased with the result."

Editor McLean's "withdrawal" from the senatorial candidacy in Ohio and professed substitution of the ancient silver apostle, Warner, for himself, does not seem to have fooled the other editors of the country a particle. They are evidently "ont" this sort of campaigning, and refuse to be gulled by it.

Weyer cost the Spanish government \$11,000,000 a month while the movement he was trying to control keeps up at a cost of about \$8.50. No wonder the Spanish cabinet wanted a change.

In spite of the advance importation the deficit continues to decrease, and the new tariff bill will extinguish it in due time.

CHANGE IN A LAUNDRY.

C. J. Myhr Sells His Interest to F. B. Strickler and Albert Schaller

A change in the ownership of the Janesville Steam Laundry took place today, Charles J. Myhr selling his interest to his partners, F. B. Strickler and Albert Schaller. F. B. Strickler will have the management of the business in the future and will give it the closest personal attention.

The Janesville Steam Laundry enjoys exceptional advantages, and its facilities are to be improved steadily. It is one of the few laundries in the northwest that is supplied entirely with rain water, the excellent service which this makes possible being apparent at once in the appearance of the output and the added durability of shirts, collars and finer fabrics.

All that the greatest care and experienced help can do to make the work of the laundry satisfactory is promised by Manager Strickler.

A departure that will be hailed with pleasure is the employing of a skilled woolen washer recommended by Lewis Bros., and familiar with the factory method of washing underwear so as to prevent shrinking. Under her skilled direction the woolen department of the laundry will be superior to any in the state.

HUNTERS GET DEER BLANKS

Janesville Sportsmen Go On Record as Required by New Law.

Janesville deer hunters were busy today filling out hunting licenses preparatory to the opening of the hunting season. The application blanks when filled out gave the height, age, weight, name, residence, color of hair and eyes of the applicant. The object is to prevent outsiders from entering the state without first paying a \$25 hunting fee. State residents pay \$1. Among those from this city who expect to leave for the northern woods this fall are:

James Gibson, W. H. Appleby,
C. L. Valentine, J. W. St. John,
G. E. Newman, J. A. Sutherland,
C. I. Sloan, H. H. Bump,

FIRST TWILIGHT DINNER.

Alexander Hamilton's work Proves a Fruitful Source For Discussion.

Members of the Twilight club turned out forty-six strong for the first meeting of the season and crowded the Myers House ordinary. The dinner evoked many expressions of praise and prepared the way for an appreciative discussion.

The theme was Alexander Hamilton, and Rev. R. C. Denison the leader for the evening explained that he had found it necessary on account of the richness of the subject to limit himself to the Hamilton's work along domestic lines. He called on B. F. Dunwiddie to outline the condition of the country in Hamilton's time. Judge John R. B. Smith followed with a digest of Hamilton's view of the constitution and George G. Sutherland sketched the growth of Hamilton's financial doctrine. Each topic was thrown open for general discussion and developed much that was of interest.

The topics for other evenings during the winter will be: November—Annexation. December—Ralph Waldo Emerson. January—Electricity and Electrical Developments. February—Abraham Lincoln. March—Municipal Government. Stanley B. Smith has been selected as the leader for the November session. The club starts its second season with the following active members:

STOVE TALK.

Lowell Leads As Usual In the Stove Trade.

It's an easy matter to say that one has the greatest assortment of good stoves, but much harder to verify the assertion. The actual goods must prove the point. Lowell has been in the stove business in this city for many years and has always led the race in variety of good makes and quantity shown. He has had the opportunity of testing the different stoves of the country thoroughly and of accepting the best ones for his stock and rejecting those he considered of inferior quality. He practically has had his pick and offers them to the public as his choice. Garland, the world's best a whole car-load on the floor, Jewels a car-load just received, Jewett born in 1836 old and good. Radiant Home, a reliable heater, Riverside Oak, a familiar stove, Round Oak the one with the name on the leg, every one of them as good as money and stove experience can build. Lowell has the largest stock in this part of the country and that he knows his business is shown by the immense sales, a car-load a week. Strong statement you think, yet none too strong. Every assertion made by Lowell can be backed up—lies are never good things to advertise. With the greatest of all stove stocks and the reputation of never being undersold, you will find a bargain at Lowell's. At all events don't buy your winter stove until you see his winter stock.

Enlightened.

By the Leader's location in Janesville. The sales show it. The crowds of purchasers each day is evidence that the public is realizing the difference in the purchasing power of a dollar to what the same coin bought before the Leader's opening in the city. It is really wonderful what a dollar will buy. You can't really tell the full extent of its power until you visit the Leader. Merchandise of all kinds never sold so cheap as now in the city. No store ever handled the high class of goods at the same price the Leader does; a veritable hurricane to high prices in every line. The sales show the business. Sixty-five stoves and ranges sold the past week. Remarkable, you think, but the prices and makes did it. Sunshine and Acorn Stoves. Thirty-two chamber sets sold the past week; prices did it. Twenty-nine complete sets of decorated dishes sold the past week; prices did it. Eleven trunks sold the past week; half prices did it.

JURY MUST DECIDE WHO STOLE SUITS

C. M. & ST. P. CAR-KOBBERY
CASE ON TRIAL.

Hunt and King Hear Evidence Connecting Them With the Milton Job—Railroad Men Identify the Box and a Clerk Identifies the Stolen Clothing.

Frank Hunt and Edward King began their experiments with Rock County justice today. They sat in the municipal court while twelve jurors were selected to try them on the charge of breaking into freight cars near Milton, July 24. The car was on the St. Paul road and nine suits valued at \$77 were taken.

After considerable delay a jury was secured, the members being John Souman, D. W. Watt, C. B. Conrad, Adam Wilson, George J. Davis, C. E. Rose, H. J. Cunningham, G. A. Shurtleff, John Day, Walter Helms, A. E. Shumway and Henry Gaulke.

George McNair of Milwaukee was the first witness. He testified that he packed the goods in Milwaukee and marked the box. The box was directed to Spiegel Bros. of Bosobol, Wisconsin.

McNair identified the stolen clothing as that packed by himself, also the box in which they were packed and which bore his own marking.

Emiel Freeseke a Milwaukee drayman was positive that the box in court was the one he hauled to the depot.

John O'Connor, receiving clerk in the employ of the St. Paul company at their Milwaukee freight house, identified the box by the St. Paul company mark that was placed on it by himself at the time it was billed to Milwaukee. Thomas Gregory of Milwaukee, freight conductor on the St. Paul train that hauled the box to Milton, identified the box as being the one in his charge.

Thomas Voland of Milton, was an important witness for the state sworn later. He said that on the night of the robbery he saw a gang of tramps hanging about the town and that one of them—pointing to Hunt—asked him if he knew where he could buy some beer. Witness found the box and a vest near where he met the men.

DAUGHTERS OF REVOLUTION

Annual Meeting and Election of the Janesville Chapter.

Members of Janesville Chapter Daughters of American Revolution held their annual meeting at the home of Mrs. Cornelia E. Pease yesterday afternoon. Mrs. William M. Eldredge and Miss Mary W. Pease helped Mrs. Pease to receive.

The program of the afternoon included the singing of America by the members of the chapter; reading, Whittier's "Yorktown," Mrs. B. F. Lincoln, solo "One Sweetly Solemn Thought," Mrs. C. M. Hyzer; paper, "The Surrender of Cornwallis," Mrs. Emma P. Veeder; piano solo, Miss Ada Pond.

So engrossing was the program that the time passed very rapidly and the report of the historian was deferred until the December meeting. Mrs. A. P. Lovejoy was re-elected regent but declined to accept. Officers for the year were elected as follows: Regent—Mrs. Josiah T. Wright. Vice Regent—Mrs. C. S. Jackson. Registrar—Mrs. Wm. M. Eldredge. Secretary—Miss Melissa Chittenden. Treasurer—Miss Hart. Historian—Miss Mary W. Pease. Luncheon was served at the conclusion of the afternoon's work, the favors being dainty sketches on bolting cloth of scenes and characters connected with the surrender of Cornwallis.

Janesville Chapter starts on its new year's work with a membership of twenty-six and eighteen applicants for membership.

BRISK SALE OF SEATS

Indica ons Are That "La Grande Dutchesse" Will Be Well Received.

The sale of seats for the Calhoun Opera Company engagement opened to subscribers this afternoon. The regular sale begins this evening and all indications are that it will be heavy.

The Calhoun Opera company is now in the fifth season and is stronger and better than ever before. Kirtland Calhoun has spared no expense in engaging artists with high reputation and has selected with great care a large chorus which will both please the ear and the eye. Emily White who became famous as a prima donna of the C. D. Hess Opera Company will be seen, also Adele Farrington, the well known prima donna soubrette, J. Aldrich Libby, whose fame is as great in England as in the United States, is the tenor robusto, Edward Webb an old and favorite member of the company will again be the tenor comique, Jack Allison, Mount Jay Walker, James Durant, Stella Madison, Louise Lewis and Maud Allison will have important parts.

CITY FIREMEN EXAMINED

Applicants For Positions Tested As to Their Knowledge of the Service.

The examination of applicants for positions in the fire department was in progress all day. The men worked in the council chamber and chewed lead pencils vigorously when they struck hard arithmetical problems about the amount of water thrown through nozzles of various sizes. Most of the questions were practical rather than theoretical, however. They turned on such points as the best route to a fire at the corner of Pearl and Pleasant streets and the proper use to be made of fire department apparatus.

Two women left a pet spaniel locked in the third story of Smith's hotel near the depot this morning. The dog jumped out of the window, hit some telegraph wires, bounded on the sidewalk and stood at the door wagging his tail when his mistress returned from her shopping trip.

D. A. DAVIS, D. H. Furrow and Jno. Dexter, of Milton, are on their way to Gladbrook, Iowa, in two covered wagons. They cook, sleep and eat in the wagons which certainly shows very little consideration for brother hotel men along the road. They spent last night near the city and expect to be out about seven days.

THE Wm. Sadler harness store has been reopened by Jas. Selkirk at 15 South Main St. with an entirely new stock of harness, and horse goods generally. A large invoice of trunks, satchels and telescopes of all kinds has just been received. Mr. Selkirk will make a specialty of this line. Your inspection is invited.

THE hottest indoor base ball game of the season was played in the Armory last evening between the Light Infantry and the Y. M. C. A. teams. The soldier boys won by a score of 8 to 5, not a run being made on either side after the fifth inning. Palmer and Smith formed a battery for the Y. M. C. A. and Canniff and Jellyman for the Light Infantry. Will Rogers umpired.

COUNTY JAIL PRICE LIMIT WAS PLACED

COST OF STRUCTURE NOT EXCEEDING \$30,000.

Members of County Building Committee Met Today and Talked Over Plans Submitted By Numerous Jail Builders—Members Unanimous As to the Cost.

Members of the County Board Building Committee met at the court house today and discussed the building of a new jail. One thing the committee has decided positively, the jail is not to cost more than \$30,000. This is a long way short of the estimate made by the state board of control.

Letters have been received from a dozen firms of jail builders submitting propositions and the committee today began the preparation of the report touching all these plans which it will lay before the county board Nov. 9.

"You can say that we do not intend to have the building cost over \$30,000 whatever the emergency," said Chairman T. B. Bailey today.

"How about the location?" asked the reporter.

Chairman Bailey shook his head.

"I should want to think a little longer about that before I said anything," he remarked.

"I don't see why the present location is not all right," said Supervisor Rathern.

"It seems as if that one block ought to be all we should ever need for a jail and I don't see why we should use the court house park."

GROOM AGED 55; BRIDE, 75

Unusual Wedding Solemnized By Rev. C. J. Koerner—Other Matrimonial Notes

A bridegroom of fifty-five and a bride of seventy-five were the parties in a wedding celebrated at the home of Rev. C. J. Koerner, Saturday evening.

Mrs. Caroline Wilhelmine Kerl was united in marriage to August Frederick Borkenhagen, both being residents of this city. August Lutz and August Buggs acted as groomsmen.

The wedding of Samuel Driver and Miss Justine Worderle, both of Darlington, took place last evening at 8 o'clock. Rev. E. H. Pence performed the ceremony. They were attended by Miss Josephine Rooney as bridesmaid and Jerome Cunningham as best man.

Miss Wonderle is the daughter of Mr. Frank Wonderle the extensive bottler of the Darlington Mineral Spring water. Mr. Driver is one of Darlington's most prominent business men.

The bride looked charming in a handsome traveling suit of green broadcloth while the groom wore the conventional black.

Mr. and Mrs. Driver leave for Darlington on the evening train where an elaborate reception is awaiting them at the beautiful home of the bride's parents.

REV. F. D. JACKSON IN OMAHA

Former Janesville Man Called to the Pulpit of the Pilgrim Church.

Rev. Frank D. Jackson, son of Mr. and Mrs. A. A. Jackson, of this city, has been called from Sutton, Nebraska, to the Pilgrim church of Omaha. The call indicates Mr. Jackson's growing strength among Nebraska Congregationalists and will be heard of with pleasure by Janesville friends.

MARKED HER 91ST BIRTHDAY

Miss Elizabeth Nye Greeted by Friends Who Help Observe Her Anniversary.

RUMORS OF CHANGE IN TRINITY CHURCH

REV. W. H. WOTTON MAY GIVE UP CHARGE.

Members of the Church Much Disturbed by the Possibility That He Will Take Up Work in a Broader Field—No Official Action Taken in the Matter.

There is said to be a prospect of a change in the pulpit of the Trinity church, a prospect which the members of the church regard with much regret. It is understood that Rev. W. H. Wotton has an opening in another city under consideration and may give up his Janesville charge.

No definite action has yet been taken in regard to the matter and no statement has been laid before the vestry. Prominent members of the church are discussing the matter, however, and are at a loss to know what to do. The salary of \$1,000 which is now paid is recognized as inadequate, but the church does not feel able to increase it.

Mr. Wotton has done very effective work in Trinity church, having labored earnestly along every possible line. He has been valuable as a pastor and in the pulpit and his departure from Janesville should he make up his mind to go will be a source of sorrow to many outside as well as to those within his flock.

WOMAN'S WORLD.

A YOUNG WOMAN IS MADE CAPTAIN
BY TWO STATES.

Miss Mamie Telford Combs, better known now as Captain Combs, is the sensation of the hour among military people. The present age is not wanting in rude chivalry or in sense of the gayly dramatic. Mme. Sans Gene lives again, Americanized, and is added to the personnel of a state guard regiment in Missouri in the person of Miss Combs.

When the Fourth regiment of Missouri national guards was camping in Carrollton last summer, Miss Combs, who was visiting her sister with a number of girls from various states, went daily into camp. Miss Combs took such an unfeigned interest in military affairs that she soon found herself on a footing of camaraderie with all the soldiers in camp. Her favoritism, which was unusual, culminated in a suggestion to adopt her as "daughter of the regiment." Fearful perhaps of a complication of relationships that might ensue if their daughter offered to be a sister, etc., the boys begged that she be given a rank on the ground that only a resi-

CAPTAIN COMBS.

dent of Missouri should be accorded a daughtership. Accordingly Colonel Corby accepted her as a member of his staff, she was designated captain, and upon camp breaking up she was duly commissioned.

Of course, when she returned last fall to her home in Lexington accounts of the "honors thrust upon her" by Missouri were heralded abroad. Infected with the fever of enthusiasm, Kentucky, her adopted state, vested her with the same title, and now she is commissioned captain by both states.

Captain Combs was a social lion recently in Moberly. The Fourth regiment of Missouri was camping there, and she was conspicuously the guest of honor at all of its entertainments. Colonel Corby gallantly accorded her the proud distinction of the day. Captain Combs, with coquettish severity, exacted the military salute without exception from one and all of her subalterns. She is a handsome woman of commanding appearance, and in her dark blue uniform, which offsets to a nicety her exceptional blond beauty, she could not fail to attract attention anywhere. Doubtless Miss Combs inherits her military instinct, as she is a granddaughter of that character well remembered in the history of Kentucky, General Combs.

Captain Combs is well known in Kansas City, where on more than one occasion she has been the guest of friends and relatives. She may very emphatically claim the priority of captainship over any other woman in the country notwithstanding the fact that Miss Ely was the first to march into public notice as captain, commissioned by Tennessee's governor as a member of his official staff. Missouri is Miss Mamie Combs' native state. Her family unites the bluest blood of Kentucky and Missouri—the Giffords and the Combses. At present Captain Combs resides in Lexington, Ky.—Chicago Times-Herald.

A Misguided Burglar.

Scar Faced Sikes, the burglar, was operating on the ground floor of a house on Steenth street the other night, making judicious selections from the articles of silver and alleged silver which he found in the dining room, when he inadvertently made a noise, which disturbed somebody up stairs.

He heard that somebody cautiously open a door, and then all was still, as if the somebody were listening. Then a voice floated down the staircase:

"William, is that you?" Without a second's hesitation the burglar replied, "Yes, darling," and began to move toward the door, hoping that his reply had satisfied the inquirer, who would then go back to bed and wait for "William" to come up stairs. But he was disappointed.

The voice immediately let loose some piercing screams, and as the burglar rushed out into the street he said to himself:

"That comes of my inexperience with the ways of husbands. Instead of replying 'Yes, darling,' I should have said: 'Of course it's me. Shut up and go to bed.' That would have been more natural and soothing, and I could have got away without giving myself a nervous fit."—Harper's Bazar.

Tale Quarries.

One of the largest tale quarries in the world is in the St. Barthelmy mountain, Luzerne. The best rock is brilliantly white and has a greasy touch when powdered.

Cornell's Pine Lands.

Mr. Robertson told me the story of Cornell university and the investments in Wisconsin pineries. In 1862-3 the federal government appropriated unsold public lands for the use of agricultural colleges in the proportion of 30,000 acres for each congressman. Much of the scrip was soon frittered away by most of the states at less than 60 cents an acre. The territory apperioned to New York state amounted to 90,000

acres, and the legislature of that state jumped at the proposition when Mr. Cornell offered to buy the lands then available at the highest market price, 60 cents an acre.

The bulk of this estate was in the pine forests of Wisconsin and has been so judiciously managed that the property is now said to yield something like \$1,000 a day. Cornell university has already received from the sale of timber and resale of certain lands between \$4,000,000 and \$5,000,000 and still possesses valuable property.—Eau Claire Cor. Austerlitz Planned by John Milton.

Napoleon declared to Sir Colin Campbell, who had charge of the exile on the Isle of Elba, that he was a great admirer of Milton's "Paradise Lost," and that he had read it to some purpose. He said further that he had borrowed the idea or plan of the battle of Austerlitz from the sixth book of that poem, where Satan brings his artillery to bear upon Michael and his angelic host with such dire effect: "Training his devilish enginery impaled On every side with shadowing squadrons deep to hide the fraud."

No Longer Law.

In the statute books of Virginia a century ago many laws may be found designed to silence idle tongues. One reads: "Whereas, oftentimes many babbling women often slander and scandalize their neighbors, for which their poor husbands are often brought into chargeable and vexatious suits and cast in great damages; therefore be it enacted that all women found guilty be sentenced to ducking."

West to Have Recognition.

Chicago, Oct. 12.—Members of the State Christian Endeavor Union have completed the work of their eleventh annual convention and are leaving Chicago in crowds. One of the most important changes brought about by the Chicago meeting was a proposition set on foot to widen the basis on which to work. Heretofore the work has always been directed from the headquarters at Boston; in the future the west, where the strongest contingent of the organization is located, will have representation in the directing body, and thus Dr. Clark will be relieved of the great responsibility with which he has heretofore been burdened.

Supreme Court Opens.

Washington, Oct. 12.—The autumn term of the Supreme court began Monday with a smaller docket than for many years past, the number of cases to be adjudicated being nearly two hundred less than at this time last year. At the same time, even if no new cases were filed for the next three years, it would take the court fully that long to clear up the docket.

Christian Converts in Japan.

San Francisco, Oct. 12.—Bishop McKim, the Episcopal prelate of Tokyo, is in the city. He says that of a total of 150,000 converts in Japan the Roman Catholics are first with about 50,000, and the Greek Catholics second with 23,000. The Episcopalians number in the neighborhood of 10,000.

Indians Are Pursuing Outlaws.

Gold Strike in Colorado.

Denver, Col., Oct. 12.—A great gold strike is reported near the Revenue tunnel on Mount Sneffels, in Ouray county. Tests run as high as \$200,000 to the ton, and \$1,000 has been taken out of two cubic feet of rock.

ELASTIC STARCH has been before the people of the United States for twenty-three years and is without doubt the greatest starch invention of the Nineteenth Century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practical experience in fancy laundrying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.
